Bar chart showing the frequency of amino acids in the protein sequence. The x-axis lists amino acids: A, E, F, L, R, F, G, R, Q, F, P, S, T, Y, S, S, F, L, R, F, G, R, S, Q, P, T, F, L, R, F, G, R, P, D, P, N, X, X, X, F, L, R, F, G, R, X, A, X, X, X, A, S, S, N, F, L, R, F, G, R, X, F, Q, Q, A, A, S, X, X, F, L, R, F, G, R, E, A, Q. The y-axis represents frequency. Bars for F, L, R, G, R, and X are significantly taller than the others, indicating higher frequency.
